To some of our readers who have been used to receiving their monthly *Newsletter* by email, you may have noticed that that service has stopped rather abruptly. The reason is that, like many others in the Doaktown area, you've changed your internet provider and forgotten to give us your new email address.

There may be others out there who would appreciate the opportunity of receiving their *Newsletter* via email – it's faster, in living colour, and it's free.

For all of you, please forward your current email address to [Kswim@bellaliant.net](mailto:Kswim@bellaliant.net) and we'll make sure your *Newsletters* keep coming.

Feel the need to get outdoors, get your hands dirty, and grow something wonderful??

The **Doaktown Community Garden** -- in conjunction with the Doak Provincial Heritage Site – suggest that it's time to start thinking about gardening. Be it vegetables or flowers, we have the raised beds (and all the materials you'll need) to get you started – all YOU need to do is a bit of regular weeding and watering, then sit back and watch things burst into life.

Rentals are only \$10 per bed but we would ask that you keep your bed and the ground around it neat and tidy (waste containers for weeds and other debris will be provided).

The Doaktown Community Garden is located on the grounds of the Doak Provincial Heritage Site at 386 Main Street, Doaktown. See the article elsewhere in this *Newsletter* entitled *Learn a Rhyme* and call **Anna Mae Basque (506-365-0083)** for further information and/or to make your rental arrangements.

Today is the anniversary of the day I lost you and, for a time, it felt as though my life had ended too. Not a day passes by, Dad, that you don't cross my mind.

I know you still hear me, Dad, so please know this is true – that I am who I am all because of you.

Forever in my heart.

## LEARN A RHYME, MAKE A TOY, PLAY OUTSIDE

Reading our own Henry Houghton's "*The Secret of the Meow Meow Temple*" (2022) (and Alison's, of course), one has to be carried away by his playful words: " *You said you wanted an adventure, Winnie looked at Dex. THIS is our adventure!*" Like an echo from the past, it brings back souvenirs from our own childhoods and all those adventures by the river, in the woods, over the hills, on small trails and into darkness. Following an impulse or a desire, an intrigue filled with excitement, fear, and expectation (nothing in the world was more fun) filled our summer afternoons with so many stories. Scary monsters, wonderful fairies and awful goblins haunted our dreamy nights and made us jump out of bed in the morning ready for another day.

**The Doaktown community garden is ready for planting.** Raised boxes are available as well as a freshly plowed huge garden patch. And this is OUR adventure! An invitation to save growing vegetables and to protect budding flowers. Nightly beasts are prowling nibbling on our seedlings and small creatures are hiding beneath the leaves, squashing our plants. Footprints in the morning are found crisscrossing the garden and need to be investigated. All hands are needed to fight to protect our produce. Our mission: to fill our pantries and stack our shelves with fresh and canned vegetables and fruits, and to adorn our tables with fresh summer flowers. Are you with us? Come and share the work with us and the wealth with our seniors!

**We have earth. We have compost. And we have all manner of seeds and plants.** Bring your grandchildren. Bring your friends. If you are a teacher, bring your students. If you are an early childhood educator, bring your little ones. Make it a weekly activity. Come and meet people and perhaps, if you are lucky, raising your eyes from weeding, looking at the end of the field, you might spot the elusive ghost of New Brunswick staring from afar or even Doaktown's wood fairies with their short black hair and red neckties, swirling their tiny black swords with lightning speed, fighting each other for the heart of a flower or another. Come and share the magic of summer's fresh air, the scent of wildflowers and the joy of growing tomatoes and cucumbers.

Check with your local municipal office to see if a community garden is available in your area. If not, come and see the one we have in Doaktown just behind the Doak Provincial Heritage Site. Take the time to visit the Doak House and its schoolhouse! If you would like to do gardening, we will share our knowledge and experiences. All you really need is a handful of seeds, a shovel, a patch of earth and a hat. Don't forget your bug repellent! Come and join the adventure! We will be waiting.
